Our (customers') contributions

Fund (Raku) module development, e.g.

- `Cro::HTTP::Session::Pg`
- `Cro::HTTP::Test`
- `Log::Timeline`
- `Spreadsheet::XLSX`
- made `JSON::Fast` faster
- get thread-safe `DBIish` for SQLite

by sub-contracting well-known Raku experts.

Our (customers') contributions

Giving

- inspiration for Comma IDE features
- real-world test suite helping MoarVM development
- sponsoring, e.g. Swiss Perl Workshops

YOUR contributions?

YOU can convince YOUR company

- to **regularly** donate to The Perl Foundation
- to hire an expert ...
- ... and pay her enough so he can afford to work on Perl / Raku even more

YOU (or your company) can

- pay more than \$10 for TPC 2020 CiC

Whatever else YOU come up with

YOUR contributions?

YOU can / should convince your company to **regularly** donate to TPF because

- it is almost impossible to do so from the outside
- YOU know how important / useful Perl / Raku are for your business
- regular contributions are less effort, planable and thus more efficient

Yes YOU can ...

... even right now !
